## EDUCATION

|                   |                                                   |          |                |           |
|-------------------|---------------------------------------------------|----------|----------------|-----------|
| COLLEGE EDUCATION | -Sri Eshwar College of engineering                | B.TechIT | 7.8(IIIrd-sem) | 2024-2028 |
| SCHOOLING--       | Sree Adharsh Matriculation Higher SecondarySchool | HSC      | 76%            | 2022-2024 |
| SCHOOLING--       | Sree Adharsh Matriculation Higher SecondarySchool | SSC      | 80.8%          | 2021-2022 |

## INTERNSHIP EXPERIENCES

**MERN Stack | iGENUINE LEARNING** [Link](#) 2025

Built a full-stack Job Portal & Recruitment Platform that allows recruiters to post jobs and candidates to apply for opportunities efficiently. Implemented secure user authentication and application management features for seamless recruitment workflows. Designed RESTful APIs and a simple interface to ensure smooth job posting, candidate tracking, and data persistence.

## SKILLS ACQUIRED:

**Frontend :** HTML, CSS, JavaScript, ReactJS

**Backend :** Node.js, Express.js, REST APIs ,Mongo DB

**Cloud :** AWS

## PROJECTS

**Smart Attendance Monitoring System** [Github](#) 2025

**TechStack :** Python,OpenCV, Face Recognition (Deep Learning), Pandas, OpenPyXL, Twilio API, Excel

Developed a real-time facial recognition-based attendance system to automatically record student entry and exit. Integrated Excel report generation using Pandas and OpenPyXL for accurate record maintenance. Implemented SMS notifications via Twilio API to enhance monitoring and reduce manual attendance work.

**ChatMan – AI Chatbot** [Github](#) 2025

**TechStack :** Python,NLP(NLTK/spaCy),MachineLearning,Flask/Django(ifused),HTML,CSS,JavaScript,SQLite/MongoDB

Built an AI-powered chatbot using Python and NLP to provide context-aware responses to user queries. Integrated machine learning techniques to handle FAQs and interactive conversations effectively. Designed a lightweight web interface and database support to store chat history and improve user engagement.

**Blood Donation Management System** [Github](#) 2025

**Tech Stack:** Java, Spring Boot, Thymeleaf, MySQL, Hibernate (JPA), HTML, CSS, JavaScript

Developed a Spring Boot-based web application to manage donor registration, blood inventory, and request handling. Implemented secure CRUD operations with MySQL and Hibernate for efficient data management. Created an admin dashboard to monitor donations and streamline hospital-donor coordination.

## ACHIEVEMENTS

Received First prize in Mini project expo 2026

Received Third Prize in Codelee (CODECHEF) 2025

## CODING PROFILES

**Leetcode :** Solved 250+ problems | Global rank : 325,868 | Contest Rating : 1,510 | Top : 41.21% | Profile Link: [LINK](#)

**CodeChef :** 2 Star | Solved 100+ problems | Global rank : 56,625 | Contest Rating : 1,327 | Profile Link: [Link](#)

**SkillRack :** Solved 1100+ problems | Rank : 22,1566 | Bronze : 300+ | Profile Link: [LINK](#)

## CERTIFICATIONS

Udemy Certificate for the Completion of Mastering data structures & algorithms using C and C++ | 2025

Udemy 8 certificates on Skill Rack 2025

Spoken Tutorial-IIT Bombay Certificate for the Completion of Python Master class | 2025

Certificate for the Completion of Cpp Training | 2024

Spoken Tutorial-IIT Bombay Certificate for the Completion of C Training | 2024

## TECHNICAL SKILLS

**Languages Web** C | C++ (OOP,) | Java | Python (NumPy, Pandas, Matplotlib, Django basics)

**Development:** Django (Models, Views, Templates, Authentication)| HTML | CSS | JavaScript | React

**Database** MySQL | MongoDB (CRUD operations, connectivity with Python/Django)

**Tools** Git | GitHub | VS Code

**Problem Solving:** Data Structures & Algorithms (Linked List, Stack, Queue, Trees, Graphs, Hashing, Sorting & Searching)
